

VISUALISATION OF THE SOCIAL WORK

Dear colleagues,

please allow us to invite you to the international academic conference “**Visualisation of the Social Work**”, which takes place

on **22nd April, 2015**

10:00 a.m. - 5:00 p.m.

Place: Hotel Park Avenue, Beethovenova 3, 921 01 Piešťany, Slovakia

Aim of the conference:

The conference discusses up-to-date trends in the field of social and health services, activities of public administration and other related topics. We plan to solve also the questions that significantly influence the quality and extent of social services. Attention will be focused also to related ethical, legislative and social economic issues. The aim of this conference introduces an innovation - it plans to discuss the contentual and formal questions of the visualisation of information in the field of social work, based on the postulate that the proper and qualified information delivered to social workers makes the inevitable precondition to providing the public with relevant information. Consequently, one of the topics of the conference is a task and position of journalism in the signalisation of social problems, optimisation of methods and ways of information processes within the society, the possible solutions and perspective innovative forms of education of the public in the field of social work with employing mass media, including the “new media”.

Organisational committee invites your contributions to the edited volume and the conference contributions and presentations, or interesting practical examples from the working places. We will be grateful if you share information on the conference with your colleagues who might find the topic interesting.

More information on the conference, place and topics are to be found in the application form.

We are looking forward to meeting you.

Best regards,

PhDr. Hermína Mareková, PhD.
